47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I'm concerned about certain measures you're considering regarding deregulating the Telecommunications Act. In general, I'm in favor of stricter regulation of Corporations, however competition is key to keep prices down. For many years I used Comcast, which was one of only two options available to me in San Francisco. When Sonic fiber became available in my area, I made the switch and my service has been faster and customer service excellent. I would hate for smaller competitors like Sonic to be driven out of the market in favor of huge corporations like AT&T and Comcast, which in my experience are pretty terrible. Please do not change laws which will make it harder for smaller telecommunication providers to compete!
